# North Carolina State University

*About the University*

North Carolina State University is a campus of achievers. As a progressive, research-extensive land-grant institution, NC State educates students for the 21st century and inspires future leaders. It forges unique partnerships that generate economic development, and applies its research discoveries for the benefit of people in North Carolina and across the United States.

A nationally recognized leader in science and technology with historic strengths in agriculture, textiles, and engineering, NC State has evolved into a comprehensive community of scholars with outstanding degree programs in the humanities and social sciences, design, education, natural resources, business, and veterinary medicine. It keeps its roots deep in the North Carolina community through statewide research, extension and outreach activities.

The university has an annual budget of approximately $820 million and an endowment valued at more than $300 million. We are ranked among the national university leaders in non-federal-funded research, industry-funded research, and total expenditures for research and development. NC State is ranked 2nd in total research expenditures in the 16-campus University of North Carolina system, and 2nd in total state, local and industry research funding among national research universities. We invest almost $445 million a year in research, training and extension, and our faculty and students take part in more than 1,200 scientific, technological and scholarly endeavors.

Technology transfer is a vital part of what we do. The university is ranked among the nation's top 20 for U.S. patents issued-almost 400 -- and for launching start-up companies based on university research. Students interact with and learn from industry, government, and business partners every day at NC State's acclaimed Centennial Campus, which is a widely recognized model for how universities can construct academic partnerships with the private sector.

NC State is a tremendous asset to its home state, through partnerships that foster economic development and an extension network that reaches into each of North Carolina's 100 counties and the Cherokee Reservation. Our Industrial Extension Service has offices in 12 locations around the state. Being engaged with the real-life concerns of North Carolina is part of NC State's land-grant mission, but in recent years we have taken our participation to a new level. Every college at NC State now has an outreach function, and each year 150,000 people take classes, seminars, workshops, and conferences for professional development through our Continuing and Professional Education program. NC State is the leading provider of technology-delivered distance education in North Carolina, with yearly enrollments exceeding 5,500 in more than 500 for-credit courses. You can find university faculty, staff, and students working all across the state to achieve everything from better air quality to improved wood products and bigger harvests of important crops.

The university has more than 6,000 employees, including approximately 1,600 faculty and extension field faculty. Currently, NC State faculty include nine members of the National Academy of Sciences, nine members of the National Academy of Engineering, and numerous Fellows in a large number of professional associations. Excellence in teaching, research, extension, engagement and student services is valued highly throughout the university.

A bright and diverse student body calls NC State home. The average incoming freshman scores 1192 on the SAT and attains a 4.05 GPA. NC State students come from 53 states and territories and 110 countries. Our students win many of the nation's most prestigious academic honors - including Marshall, Truman, Udall, and Goldwater scholarships, as well as National Science Foundation postdoctoral fellowships - an indication of the quality of students NC State attracts and produces.

NC State offers bachelor's degrees in more than 90 fields of study, master's degrees in 98 fields and doctoral degrees in 59 fields, as well as a Doctor of Veterinary Medicine degree. Fifty-five research centers, institutes and laboratories support more than 400 faculty, 900 graduate students and 200 undergraduates. With more than 3.1 million volumes, 53,000 print and electronic serial subscriptions and a growing array of electronic full-text and image collections, the NC State libraries offer a wealth of research resources for faculty and students. Through the Triangle Reseach Libraries Network, our libraries also provide access to resources housed at Duke University, the University of North Carolina at Chapel Hill and North Carolina Central University.

NC State's athletic program is outstanding. Wolfpack teams have won more than 200 championships during NC State's storied history, and during the 2002-2003 athletic season, seven of our teams finished in the top 25 in their respective sports - and eight teams participated in NCAA postseason play. Women's basketball coach Kay Yow, a member of the Basketball Hall of Fame, has more than 600 wins to her credit. Our sports arena, the RBC Center, beckons students, alumni, and area residents to come and root for the Wolfpack. Carter-Finley Stadium features 51,500 seats, a video scoreboard, and the 103,000-square-foot Wendell H. Murphy Football Center. Carmichael Gymnasium on campus is open to the university community, and NC State offers a comprehensive intramural sports program.

If you prefer arts to athletics, options include the highly regarded University Theatre, an acclaimed Gallery of Art and Design and the State Dance Program, which is recognized for excellence by the American College Dance Festival Association. The Music Department offers performances by campus musical groups, including choirs, and the Crafts Center is one of the finest crafts facilities on any college campus, with classes in pottery, photograpy, fibers, woodworking, glassblowing, and more.

Located in North Carolina's capital city, NC State anchors one corner of the Research Triangle Park, which houses more than 140 organizations dedicated to innovative

research and development. Duke University in Durham and the University of North Carolina at Chapel Hill mark the other two of the nation's best places to live and do business.

# THE SUMMER SESSIONS

The Summer Sessions at North Carolina State University offer an extensive educational program planned to meet the varied needs and interests of more than 13,700 students. Sixty departments offer instruction in more than 900 courses, approximately 90% of which are at the undergraduate level.

Each of the University's ten colleges, with a combined faculty of more than 500, participates in the Summer Sessions. The schedule includes two "regular" five-week sessions and a ten-week session, as well as several dozen evening courses scheduled for the convenience of working adults.

Summer courses and special programs are designed for the new student, the undergraduate wanting to advance his or her academic standing at NC State, the graduate desiring to continue study and research during the summer months and for visiting students pursuing degrees at other institutions. Teachers who need to earn credit toward renewal of teaching certificates or advanced degrees in education and persons in professional fields who wish to keep abreast of new developments and trends also take advantage of NC State's summer programs.

# ADMISSIONS

Students are admitted to the Summer Sessions in one of seven categories: 1) new freshmen, 2) new undergraduate transfer students, 3) new graduate students, 4) Lifelong Education students/summer visitors, 5) continuing North Carolina State University students, 6) former North Carolina State University students, and 7) suspended North Carolina State University students.

# REGISTRATION INSTRUCTIONS

Welcome to TRACS-NC State University's Telephonic and Computerized Scheduling System. TRACS was implemented to simplify the registration process by offering convenient ways to register for your courses.

TRACS will allow you to register for courses from your home, at work, or any place in the world using either a touch-tone telephone or the World Wide Web.

Registration consists of three steps:

1) Determining course requirements and obtaining a PIN (Personal ID Number)

2) Planning your schedule and registering for courses using TRACS either by the Telephone or the Web TRACS LINK.

3) Paying tuition, fees and all other debts to the University and clearing all "Holds" by the established deadlines.

### Continuing Degree Students

If you are a currently enrolled degree student, either graduate or undergraduate, you must register using TRACS. Your advisor will give you your PIN at your advising conference.

### New Graduate and Undergraduate Degree Students

If you are a new graduate or undergraduate (freshman and transfer) degree student cleared for admission for the 2004 Summer Sessions, you will complete registration using TRACS by the deadline. It is not necessary for you to come to campus as the registration process can be completed either by the telephone or the Web TRACS LINK.

If you are a new undergraduate student, you must obtain a PIN from the coordinator of advising in your respective college. If you are a new graduate student, you must contact the graduate administrator in your respective department to obtain a PIN. You should then register using TRACS. A list of graduate administrators will be provided by the Graduate School.

## Lifelong Education (Non-degree) Students/ Summer Visitors

If you are a student in this category (not formally admitted to either a graduate or an undergraduate degree program), you must complete your registration with the Credit Programs & Summer Sessions office (www.ncsu.edu/acp/). See the section pertaining to Credit Programs & Summer Sessions in the back of this *Bulletin*.

## REGISTRATION PROCESS FOR STUDENTS ...

### 1. Determine Course Requirements and Obtain PIN

Degree Students: Advising begins March 15, 2004 and ends April 2, 2004. Advisers will help you plan your course schedule to meet graduation requirements. Although it is your responsibility for planning your program and meeting such requirements, advisers can offer valuable advice to help you achieve your goals. At your advising conference your adviser will also give you your Personal ID Number (PIN) that is needed to complete registration. Your four-digit PIN should be kept confidential to ensure the security of your registration.

| | |
|---|---|
| Lifelong Education/ Summer Visitors | (Non-degree students)-If you are a currently enrolled Lifelong Education student, you have already been mailed your PIN. New or re-entering Lifelong Education students will be issued their PIN when they submit their Registration Application to Credit Programs & Summer Sessions. |

2. Plan Your Schedule

Using the Timetable Planner in this booklet, work-out a class schedule that has no time conflicts. The section at the bottom of the Timetable Planner allows you to list your courses and all pertinent information for easy reference. List the courses you want to take in priority order. You may find it desirable to list courses with the fewest sections first. You also need to prepare alternative courses just in case some classes are full.

Complete the Telephonic Registration Worksheet and call TRACS using the instructions provided. If for any reason you are not eligible to register, you will be given an explanation.

3. Make Your Payment

You are responsible for full payment of tuition, fees and all other debts owed to the University and for clearing all "Holds" by the following deadlines:

| | |
|---|---|
| Summer I and Ten-Week Session | May 6, 2004 |
| Summer II | June 17, 2004 |

# TRACS WINDOW ACCESS DATES

Entrance to TRACS either by the Telephone or the Web TRACS LINK is controlled by specific window access dates. Window access is split into several days for each undergraduate classification based upon total hours passed at the time of registration . For example, seniors with 121+ hours passed have a beginning window access of March 18. Seniors with 111-120 hours have a window access of March 19. Each classification has specific window accesses as outlined below.

**You cannot register before your window access is scheduled.** Access will be denied if you try to register earlier than the date indicated. Classification is based on your hours passed when your window opens-not at the end of the current semester.

Total hours passed and window opening dates are printed on students' PIN cards. Total hours passed is also available on the WEB by selecting the "View Academic Totals" page from TRACS LINK. TRACS LINK is located at *htts://www.acs.ncsu.edu/scripts/RegRec/logn_trc.pl.*

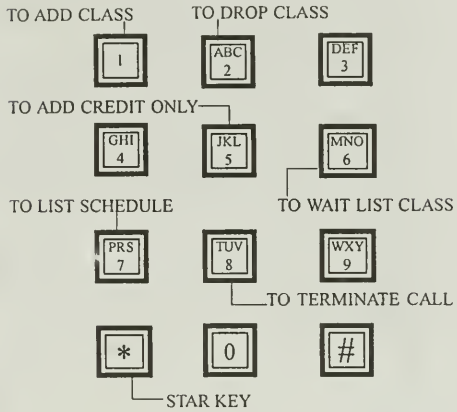
## TELEPHONIC REGISTRATION INSTRUCTIONS

Touchtone-Telephone Keypad Instructions



**TRACS FACTS ...**

**TELEPHONE TIPS**

- If the system does not answer the telephone, it is not working or if the telephone rings busy, all lines are in use. Please call back later.
- The system may "**time you out**" if you pause more than 30 seconds between entries or if your total transaction time exceeds ten minutes.
- A voice response will guide you after each entry. Enter an entire sequence of keys when told to do so.
- The system will let you key ahead if you do not want to listen to the entire voice response message. To do this you just begin the sequence of keys for your next transaction.
- You will know you have completed a successful transaction when **TRACS** informs you that you have added or dropped the requested class. If TRACS disconnects you, all successful transactions are safe and need not be entered again. If a course you have registered for is cancelled because of lack of demand, you will be notified by mail so that you will be able to select an alternative course.

**IMPORTANT FUNCTIONS**

- If a course you have selected is full, you will be asked to **enter an alternative selection** or your next entry. Or, you may request to be put on a **waiting list** if one is available for that course.
- WAIT LIST-If you have placed yourself on a **wait list**, that day and time has been reserved in your schedule. You cannot add another section of that course or another course that meets at the same day and time. (Wait listed hours will be included in tuition and fee charges). **Remember, the wait list ends with the Registration Period.** There are no wait lists during Late Registration.

- SEARCH - If the section you have requested is closed you will be asked to press 1 to search for an open section at the same time day/time slot; press 2 to search for any open section or press 3 if you do not want to search for an open section. The Open section Inquiry function simply checks to see if a requested section is open or closed. It does not check to see if the section has any scheduling restrictions.
- SCHEDULING RESTRICTIONS - There is a column headed "Seats" in the course listing section of this publication with two subheadings entitled "MAX" and "RESTR". The "MAX" indicates the maximum number of seats available for that particular section. The "RESTR" indicates the number of seats that are restricted or reserved for a particular purpose. A note describing the restriction appears as a note just above each course listing in this publication. Remember that scheduling restrictions may apply to all or part of the seats in a particular section. **Be sure to check the number of unrestricted seats before you assume a section is completely restricted.**
- PERMISSION TO ADD - For registration of courses that require instructor or departmental permission, the department teaching the course will either add you to the course on-line or issue you a **Schedule Revision Form** to be taken to the Department of Registration and Records, 1000 Harris Hall.
- VARIABLE CREDIT - When the course is for variable credit you will be asked to enter 4 digits to represent the number of credit hours you will receive for the course with the last 2 digits representing values to the right of a decimal point. For example, 3.5 hours would be entered 0350.

**Completing the Telephonic Registration Worksheet**

*Call TRACS only after you have a completed Registration Worksheet in front of you.*

1. **Write in your Student ID Number and your Personal ID Number (PIN) in the spaces provided.**
2. **Transfer the course call number for each course you wish to take to the course call number section on the Telephonic Registration Worksheet.** (The Call Number is a six-digit number found in the course listing section of this *Bulletin*.)
3. **Complete the Transaction Code section** by using the list of various **TRANSACTION CODES** from the column to the right of the worksheet. Familiarize yourself with these codes and their individual operations. Be sure to write the codes in the space provided on your **Registration Worksheet** to avoid any confusion when registering.

***You are now ready to use the system.***

Dial 515-NCSU (6278).

Your ID and PIN numbers activate the computer system. Next, you will be prompted to enter a number of transaction codes on your telephone key pad. Use your **Registration Worksheet** to guide you in completing the appropriate steps. **If you want verification of your transaction, be sure to wait for a response before entering your next request.**

## COMPUTING AT NC STATE - YOUR UNITY ACCOUNT - REGISTERING FOR CLASSES VIA THE WEB

Unity is NC State University's distributed computing environment. All students have access to this computing network and many information sources on campus and around the world. Through this network, students can obtain access to the Internet, various software applications, and e-mail. In addition to being an invaluable research tool, the Internet provides students vast information about NC State University (including information on admission, colleges and curricula, financial aid, libraries, registration and records, student accounts, etc.) via the University's web site located at *http://www.ncsu.edu*. Many instructors also use the Unity system as an integral part of their courses. Continuing students have immediate access to their Unity account. For new and re-entering students a Unity account is automatically generated within a couple of days after officially being admitted or re-admitted. Login IDs and additional details regarding use of the system may be obtained from Computing Services consultants. Call 515-HELP (4357), or stop by Room 208, Hillsborough Building. Information regarding the Unity system is also available at *http://www2.ncsu.edu/ncsu/cc/pub/unity.html*. After an account has been established, students can register for their courses on the web by selecting TRACS LINK from the Registration and Records home page located at *http://www2.ncsu.edu/ncsu/reg_records/*, in addition to registering via touch-tone telephone. On-campus and off-campus access to the system is available.

## SUMMER PARKING INFORMATION

Summer Sessions parking is readily available. Vehicles must display an appropriate parking permit between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday. All Summer Sessions permits are sold via online open sale by visiting at *www.ncsu.edu/transportation*. Instructions on the homepage will guide you through the application, purchase, and permit pickup process. ***Online payment enables you to purchase your parking permit from an off-site location prior to the beginning of the Summer Sessions.***

1. Permits are sold based on availability for each zone (to acquaint yourself with the various zones, click on the Parking Zone Map in the "Other Resources" area of our homepage).
2. Permit costs are prorated based on the date purchased.
3. Summer permits are valid for both sessions. Refunds are not available if a student elects to attend only one summer session.
4. Permits are not required **after 5:00 p.m.** in any unreserved space/lot. No parking in "24 hour reserved", or accessibility spaces, fire lanes, or "no parking at any time" areas.

Students are strongly encouraged to join the *Packparking Listserv* (accessed through the website above) for the latest news and information about parking permits, construction projects, road closings and more.

Wolfline is NC State's own bus service. All buses are accessible and there is no fare required to ride. Service frequency varies, but generally daytime service is available every 15 minutes. Wolfline buses run every day Summer Sessions classes are held and during exams. Wolfline provides intra-campus service, and service to the McKimmon Center, Official University Housing, and park and ride lots. *The Wolflink Shuttle, Centennial Shuttle and Centennial Campus Express continue to operate every day that faculty and staff report to work.* There is no bus service on official University Holidays. Please visit the Wolfline website - www.ncsu.edu/wolfline for the most up-to-date information about park and ride lots and locations, bus routes and schedules. You may park for free, with no permit required, in park and ride lots. However, overnight parking is not allowed and violators are towed. For the latest Wolfline news, join the *Wolfline Listserv* (accessed through the link above), contact 515-WOLF or the Transportation Office. An official North Carolina State University transcript is a complete record of a student's academic work at the University. These transcripts are issued on official "SCRIP-SAFE" paper and carry the pre-printed signature of the University Registrar, the date of issue, and the pre-printed seal of the University.

An official transcript is issued only at the written request or authorization of the student concerned. Transcript requests must be made in writing, either by mail, FAX, or in person to the Department of Registration and Records, 1000 Harris Hall, Box 7313, North Carolina State University, Raleigh, North Carolina 27695-7313. FAX (919) 515-2376. TELEPHONE REQUESTS FOR TRANSCRIPTS WILL NOT BE HONORED.

When making a request, one must include one's full name (including any names one may have used while at NC State), social security number, date of birth, date of last attendance and the exact address (including ZIP code) where the transcript is to be sent.

Requests received in person or by mail must be accompanied by a check or money order for $5.00. FAX requests must be accompanied by a Visa or MasterCard number and will be billed at the $5.00 rate. NOTE: The transmittal of transcripts from the Department of Registration and Records via FAX will be billed to a Visa or MasterCard number at a cost of $10.00 per transcript. **These fees are nonrefundable.**

Transcript requests will normally be processed at time of request. However, a longer period of time may be required for processing at the end of each session.

Official transcripts are not issued for those people who are indebted to the University until such indebtedness is paid or satisfactorily adjusted.

## WITHDRAWAL FROM THE UNIVERSITY

A degree student who finds it necessary to drop all courses will initiate a withdrawal from the University at the Counseling Center, (second floor) Student Health Center, 2815 Cates Avenue. A Lifelong Education student in the same circumstance initiates a withdrawal from the University at the Credit Programs & Summer Sessions office, McKimmon Center, Gorman Street and Western Boulevard. A student who withdraws will not have any grades recorded. A student who discontinues attending classes without officially withdrawing will receive all "F" grades.

The withdrawal deadline for undergraduates (regularly classified and Undergraduate Lifelong Education students) corresponds to the last day to drop a course at the 400-level or below; for graduate students (including Post-Baccalaureate students) the deadline for withdrawal corresponds to the last day to drop 500-900-level courses. (See the appropriate Summer Sessions Calendar for dates.)

## SPECIAL NOTES

1. Students planning to take courses in both the First and Second Sessions should plan their sequences well in advance. Offerings in the Second Session are often substantially less in number than in the First Session, and in some instances, departments do not offer courses in both summer sessions.
2. Everything possible will be done to insure that the courses listed in this *Bulletin* will be given at the time indicated. *However, the Director of Summer Sessions reserves the right to cancel courses in which enrollment is deemed insufficient.*
3. The maximum load for either session of the Summer Sessions is two courses plus a PE course for undergraduates and six hours for graduates. Any student may carry less. Regularly enrolled students who desire to carry more than seven hours must obtain the approval of the dean of the college in which they are enrolled. Students visiting from other institutions who wish to take more than the maximum must obtain the approval of the Director of Summer Sessions.
4. *All Lifelong Education students (including those from other universities and colleges) are advised that acceptance of the Registration Application for Lifelong Education students by the Summer Sessions Office in no way constitutes a guarantee that class space will be available.*

## PLANNING TO GRADUATE . . .

If you plan to graduate at the end of the Summer Sessions, there are a number of items that should be of interest to you.

NOTE: **Degree recipients with outstanding balances of $50 or greater will have their diploma withheld until all outstanding debts to the University are paid.**

1. You should submit an Application for Degree card for *each* degree you are to receive. This should be turned in to your department within two weeks after the beginning of the Session. If you submitted an Application for Degree card last semester, but did not graduate, it is necessary that you submit *another Application* for the Summer Sessions. Remember: If you are to receive two degrees, you must submit a separate application for each degree.

2. Your local address and your official University correspondence address should be kept up-to-date. Also, the address you show on your Application for Degree card will be the address to which your diploma is mailed and also the address to which any correspondence from the University will be sent. Any changes should be made by reporting your new address to the Department of Registration and Records, 1000 Harris Hall, Box 7313, Raleigh, NC 27695-7313.

3. If you are transferring hours from another university in order to graduate, this should be done before the end of the Summer Sessions. If you are enrolled at another institution and that institution is unable to furnish an official transcript by the end of this Session, you must have that University's Registrar send to the Department of Registration and Records a letter showing the course and grade with an official school seal and Registrar's signature. This letter must be received by the end of the Summer Sessions.

4. Correspondence course grades must be received, all "incompletes" and "late grades" cleared, and all fines and fees paid by the end of the Summer Sessions.

5. If you are eligible to take a reexamination, it must be taken no later than 30 days after the date of the intended graduation.

6. If you would like to participate in the December, 2004 graduation exercises, contact your Dean's office at your earliest convenience. You will be placed on a mailing list to receive all necessary information about the graduation activities.

If you have any questions concerning the above information, please call Cindy Hobbs, Graduation Clerk, Department of Registration and Records, 1000 Harris Hall, telephone (919) 515-1496 or e-mail graduation@ncsu.edu

# RESIDENCE STATUS CLASSIFICATION FOR TUITION PURPOSES

To qualify as a resident for tuition purposes, a person must have established legal residence (domicile) in North Carolina and maintained that legal residence for at least twelve months immediately prior to his or her classification as a resident for tuition purposes. To be eligible for classification as a resident for tuition purposes a person must establish that his or her presence in the State is, and during the requisite twelve month qualifying period was, for purposes of maintaining a bona fide domicile *rather than of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.*

North Carolina General Statute (G. S.) 116-143.1 is the governing law concerning resident status classification and sets forth statutory definitions, rules and special provisions for determining resident status for tuition purposes. Copies of the law and implementing regulations are found in *A Manual to Assist the Public Higher Education Institutions of North Carolina in the Matter of Student Residence Classification for Tuition Purposes* which is available for inspection in the Office of Undergraduate Admissions, 112 Peele Hall. Special situations concerning minors, the military, service members and their military dependents, non-US citizens, and the effect of marriage on residence status are addressed in *The Manual.* It is the student's responsibility to initiate a review of their situation when classification or re-classification as a resident for tuition purposes is sought.

Active military personnel assigned to North Carolina and their military dependents **may** be eligible to receive the benefit of the in-state tuition rate under G.S. 116-143.3. A student who qualifies for the in-state tuition rate under this statute is not considered a resident, but merely eligible for the benefit of the in-state tuition rate. Application for eligibility to be charged the in-state tuition rate under G.S. 116-143.3 must be made **prior** to initial enrollment or re-enrollment for which the student claims the benefit. Further application for such eligibility must similarly be made prior to the outset of each successive academic year of enrollment.

Under NC G.S. 116-143.5, any teacher or other personnel paid on the teacher salary schedule who has established a legal residence (domicile) of any duration in North Carolina and is employed full-time by a North Carolina public school shall be eligible to be charged the in-state tuition rate for courses relevant to teacher certification or to professional development as a teacher. Students qualifying under this statute will be required to supply information verifying their residence status (under NC G.S. 116-143.5) and employment status.

Questions concerning residence status classifications for undergraduate students, including Lifelong Education Students, should be directed to the Office of Undergraduate Admissions, North Carolina State University, Box 7103, Raleigh, North Carolina 27695-7103, (919) 515-2434.

# FINANCIAL AID

Financial aid funds for summer are generally limited to Federal Stafford Loans and/or Federal Perkins Loan assistance. In addition, undergraduates who were eligible for Federal Pell Grants during the 2003-04 academic year but were enrolled for only one semester or enrolled part-time during the academic year may have remaining Pell Grant eligibility for summer.

To receive a Stafford Loan or remaining Pell Grant eligibility, undergraduates must be enrolled for a total of 6 hours for the summer (3 hours per session, or 6 hours in one session). You must submit a separate Summer School Institutional Financial Aid Application to be considered for summer financial assistance. Summer applications are available in the Office of Scholarships and Financial Aid (OSFA) beginning in March or you may download and print a copy from the OFSA web site at www7.acs.ncsu.edu/financial_aid. In addition, you must have a 2003-04 FAFSA completed and on file at NC State. All other necessary materials the OSFA may request must be completed and on file as well. Contact the OFSA or visit their web site for summer application deadline dates.

To be considered for any financial aid, continuing students must have met the requirements for satisfactory academic progress for financial aid eligibility (see www7.acs.ncsu.edu/financial_aid/pdf/satprorv.pdf for a complete copy of the policy). A review of academic progress will be conducted at the end of the spring semester, and summer financial aid awards may be held or rescinded for students who fail to meet the conditions of the satisfactory progress policy.

# COUNSELING CENTER

The Counseling Center provides services designed to assist individuals in gaining a better understanding of themselves and their opportunities. Psychologists, professional counselors, and psychiatrists are available to evaluate and to work with students who have concerns such as: choosing a career; academic planning; identifying and coping with educational difficulties; developing greater self-understanding; drug and alcohol problems; developing more satisfying personal relations; and coping with stress or emotional crisis. Faculty members are encouraged to call if they have concerns about a student. All counseling is strictly confidential.

In addition to one-to-one and group counseling for individuals and couples, workshops are offered throughout the year in a variety of areas, including vocational exploration, test anxiety-reduction, and stress management.

Counseling services are available to all enrolled NC State students without cost except for a minimum materials charge for career testing and a charge for biofeedback and some psychiatric services. Appointments may be scheduled over the telephone by calling (919) 515-2424 or in person by coming to (2nd floor) Student Health Center, 2815 Cates Avenue. A counselor is on call 24 hours a day through Health Services, (919) 515-2563.

# STUDENT HEALTH SERVICES

The Student Health Services offers health care to students on an outpatient basis. The staff includes full-time physicians, physician extenders, pharmacists, laboratory/x-ray technicians, nurses, physical therapists, health educators and other support staff.

The Health Services is open Monday-Friday, 8:00 a.m.-5:00 p.m. during the summer for outpatient medical care. Patients are seen by appointment. Medical appointments can be made in person or by calling 515-7107 Monday-Friday, 8:00 a.m.-4:30 p.m. Gynecology appointments can be made by calling 515-7762.

All currently registered students are eligible to use the Health Services. Medical care offered includes visits to a nurse and M.D., laboratory tests, x-rays, physical therapy and pharmacy medications. Many services are provided at no charge as part of the health fee included in the required fees paid by all students, including health education materials; consultations; crisis emotional and psychiatric support service. Students are responsible for the nominal cost assessed for certain services and for all services provided off-campus.

It is extremely important that students provide complete medical histories and immunization records to the Student Health Services. All health and medical information is confidential.

The University makes arrangements with an insurance company to offer group health insurance coverage to students. Remember that the student health fee does not provide for the cost of referrals

to off-campus specialists for serious illnesses.

Health Promotion seeks to assist students in adopting a healthy lifestyle and behaviors through various outreach programs and intervention services. Visit room 2101 Student Health Center or call 515-9355.

**Emergency Medical Procedures:** If a student becomes ill or injured, the following procedures should be followed: 1) Telephone the Campus Police (515-3333) and report the emergency; 2) Students needing emergency transport between campus locations and the Student Health Center may call the Campus Police.

# NCSU LIBRARIES

Welcome to one of the best research libraries in the nation. The NCSU Libraries, winner of the "Excellence in Academic Libraries" Award in 2000, has over 3 million volumes, 5 million microforms, and over 50,000 serial titles. The collection is especially strong in the environmental, agricultural, physical, and mathematical sciences, genomic science, computer science and information technology, engineering, materials science, forest resources, and textiles. The Libraries has been a depository for U.S. government documents since 1924 and is a full depository for U.S. patents.

Four branch libraries-the Burlington Textiles Library on Centennial Campus, the Harrye B. Lyons Design Library in Brooks Hall, the Natural Resources Library in Jordan Hall, and the Veterinary Medical Library in the College of Veterinary Medicine-serve the special needs of those disciplines.

The Libraries' website http://www.lib.ncsu.edu offers access to a rich array of online resources and is one of the most heavily utilized sites on campus with over 500,000 visits per month. Users can search the Libraries' catalog by author, title, subject, and keyword, and can search the collections of other major libraries in the Triangle, including Duke, UNC-Chapel Hill, and North Carolina Central University. Should access to the resources of other libraries be required, NCSU Libraries offers (1) an extensive interlibrary loan service that gives access to library resources from around the world, (2) TRIPSaver, a service that supplies materials rapidly from Duke, UNC-CH, and NCCU, and (3) a borrowing privilege program that enables the students and faculty of NC State to use the libraries at Duke, UNC-CH, and NCCU as well as the libraries of the other UNC institutions across the state. As part of a popular new service, library users may now request that journal articles be delivered electronically via the Libraries' website.

Also available via the Libraries' website are numerous online resources, including journal and literature indexes, many with full-text articles, reference works, such as online encyclopedias, electronic books and journals, statistical resources, spatial and numeric data for use with Geographic Information Systems, and digital special collections unique to NC State. These resources are available from both on and off-campus locations. Librarians offer special services for distance learners, as well as web-based research and reference services, utilizing chat technology, for all users. While in any of the NCSU Libraries, users may borrow laptop computers that may be connected to the campus network via either traditional data ports or wireless networking.

In the newly built Learning and Research Center for the Digital Age, on the second floor, east wing, of D.H. Hill Library, a Digital Media Lab-equipped with state-of-the-art information technology-offers users the ability to scan and digitize mutimedia materials. The nearby Scholarly Communication Center offers guidance on copyright and licensing issues for the whole range of library materials, whether in print or digital formats. Users will also find a Media Center in the Library. That center, located in the west wing, offers a collection of film, video, and other media, as well as facilities and equipment for users.

# SUMMER ACTIVITIES

Through many curricular and extracurricular activities, the Summer Sessions provide special opportunities to those students engaged in summer study. Interesting, informative and entertaining programs and activities are scheduled for each session.

A few of the more popular activities and special features include the Carmichael Gym athletic and recreation programs and the varied activities sponsored by the University Student Center.

The University's regular program of student personnel services is available to summer students. It includes the Counseling Center for educational, career and personal counseling; the Planning and Placement Center for career planning and placement; the Residence Life and Residence Facilities offices for residence quarters; the Financial Aid Office for financial assistance; and the Student Health Services for medical care.

Beyond the campus, the city of Raleigh offers cultural and recreational opportunities of interest to students. The Raleigh Little Theater presents several productions during the summer, the North Carolina Museum of Art sponsors gallery concerts and exhibits, and there are several swimming pools and city and state parks located in and around Raleigh.

# UNIVERSITY STUDENT CENTERS

The University Student Centers offer outstanding visual and performing arts programs and campus activities for all members of the University family - students, faculty, staff, administration, alumni and guests. Funding for the Student Centers is provided primarily by student fees and the programming is carried out in four buildings: Talley Student Center, Witherspoon Student Center, Price Music Center, and Thompson Building.

The Student Centers feature significant involvement opportunities through the Center for Student Leadership, Ethics, and Public Service (which in-

cludes the Leadership Library), Campus Activities, Student Organizations Resource Center, Union Activities Board, and the Women's Center and offer ARTS NC STATE, the University's visual and performing arts programs, including: the Center Stage Performing Arts Series, The Crafts Center, Dance Program, Gallery of Art & Design, Music Department, and University Theatre.

The Talley Student Center and Witherspoon Student Center, located within two blocks of each other on Cates Avenue, provide a variety of programs, services and meeting space designed to offer rest, relaxation and recreation, as well as cultural, social, leadership and artistic development. Talley Student Center is home to a Food Court, Student Legal Services and Chaplains' Cooperative Ministry and Witherspoon Student Center houses the Campus Cinema, the African American Cultural Center, Student Government and the Student Media. The Thompson Building houses University Theatre and The Crafts Center. The Price Music Center is the location of the Music Department.

Highlights of the Campus Activities program during both Summer Sessions include Union Activities Board (UAB) field trips, socials, WolfCamp, and films (shown in the Campus Cinema located in Witherspoon Student Center). During the summer ARTS NC STATE offers three University Theatre productions during TheatreFest, exhibitions at the Gallery of Art & Design, and a full schedule of non-credit classes at The Crafts Center. ## GENERAL INFORMATION

Credit Programs & Summer Sessions is the contact point for individuals who have not been formally admitted to a degree program at the University but who wish to enroll in courses offered by the University. These "not-admitted" students (including Summer Visitors from other colleges and universities) are classified as "Lifelong Education students".

Essentially (and for the convenience of Lifelong Education students), Credit Programs & Summer Sessions functions as a "branch office" of the Department of Registration and Records, Office of Admissions, University Cashier and Student Accounts Office, and a number of other University administrative offices.

Lifelong Education students should look to Credit Programs & Summer Sessions for registration information, clarification of University policies and procedures, and for answers to other questions relative to taking courses at the University.

In general, Lifelong Education students may enroll in any course listed in this *Summer Sessions Bulletin* (day or night) provided they have satisfied any required prerequisites. Prerequisites are courses or levels of achievement that a student is expected to have completed successfully prior to enrolling in a course. A few classes are restricted to degree candidates only. Restrictive statements appear with the course listing in this *Bulletin* and/or the University's *Course Catalog*. Applicants are responsible for checking the *Course Catalog* to determine what prerequisites, if any, apply and to either satisfy the prerequisites or obtain from the instructor a written waiver of the prerequisites.

Before enrolling in an NCSU mathematics course, Lifelong Education students must talk with an adviser to determine eligibility for mathematics course registration. Telephone 515-2265 to talk with an adviser or to schedule an appointment. It is extremely important that students register for mathematics courses appropriate to their majors and their abilities. The NC State University Mathematics Placement Exam assesses mathematical skill for appropriate course placement.

Credits earned while registered as a Lifelong Education student accumulate on a transcript maintained by the Department of Registration and Records and may later be transferred to a degree program at NC State or by transcript to another college or university. NOTE: *Lifelong Education students are required to adhere to the academic standards, policies, procedures, deadlines, etc. which apply to all students of the University.*

Whether you are a new Lifelong Education student, one who is currently enrolled or one who is returning after an absence of a semester or more, you are strongly urged to read the information that is included in this section as well as the information pertaining to *all* students which is included in the first few pages of this *Bulletin*. Your attention should be specifically directed to the REGISTRATION INSTRUCTIONS.

The general classification of "Lifelong Education student" is divided into two categories depending on whether the student already has a baccalaureate degree or not. A listing of the applicable policies follows:

## UNDERGRADUATE STUDIES (UGS)

To be eligible to register as an Undergraduate Studies student (UGS) for the Summer Sessions, a person should:

1. have acquired a high school diploma or GED certificate; and
2. not be a degree candidate at North Carolina State University; or
3. be a high school student who has been recommended by his/her school to take lower level courses through the established Academic Enrichment Opportunities (AEO) Program.

## POST-BACCALAUREATE STUDIES (PBS)

The Post-Baccalaureate Studies (PBS) classification is designed for U.S. citizens or permanent residents who wish to undertake academic work beyond the baccalaureate degree but who are not currently admitted to a degree program. This classification is not open to international students with the exception of the spouse of a regularly enrolled

NC State student. In special cases where students are sponsored by an agency of the U.S. government for specialized, non-degree study, approval may be given by the Graduate School for registration in the Post-Baccalaureate Studies classification. The following rules apply to students who wish to register for PBS:

Please note that the following are university minimum requirements. Some departments may have more restrictive requirements.

1. All must have baccalaureate degrees from accredited institutions of higher education. Registration is through Credit Programs & Summer Sessions.
2. All classes taken for credit by PBS students will be graded in the usual manner that applies for the particular course (A+ through F or S, U). All courses taken at NC State will appear on the student's transcript.
3. If the student is admitted as a graduate student, a maximum of twelve (12) hours may apply toward the minmum university requirements of the degree (i.e., 30 credit hours) for which the student is enrolled, including hours approved for graduate credit while classified as a senior, unclassified undergraduate or professional engineering student. The first twelve (12) hours of course work taken at the graduate level in the PBS category will be accepted toward degree requirements unless a request for some other combination of twelve (12) hours is made by the student's advisory committee and approved by the Graduate Dean.
4. If a student's graduate degree program is terminated, he/she cannot use courses taken in PBS status after termination for credit toward the same graduate degree program.
5. The grade point average (GPA) of a graduate student who has credits in the PBS category will be based on all courses taken at the 400-800 level. However, no course taken six (6) years prior to enrollment into a program can be used to meet the requirements for a later graduate degree at NC State.
6. Registration is limited to a maximum of two courses per semester. Individuals who are employed fulltime should limit their PBS registrations to one course per semester.
7. The PBS classification carries with it no implication that the student will be admitted to the Graduate School in any degree classification.
8. All course work accepted for degree credit must be approved by the student's advisory committee as being germane to the program. Requests for degree credit for courses completed in the PBS classification are considered after admission to a graduate degree program when the student's Plan of Graduate Work is filed with the Graduate School.
9. PBS students are expected to familiarize themselves with Graduate School and departmental policies and to seek further advice or clarification as needed.

# STUDENTS WITH DISABILITIES

Students desiring reasonable accommodations for their documented disability should contact Disability Services for Students (DSS), Suite 1900, Student Health Center, 2815 Cates Avenue 919-515-7653 (Voice) 919-515-8830 (TTY). Students needing assistance in scheduling courses should first meet with their academic advisers, then contact DSS as far as possible in advance of registration deadlines.

# COUNSELING SERVICES

The Counseling Center provides services designed to assist individuals in gaining a better understanding of themselves and their opportunities. Psychologists, professional counselors, and psychiatrists are available to evaluate and to work with students who have concerns such as: choosing a career; academic planning; identifying and coping with educational difficulties; developing greater self-understanding; drug and alcohol problems; developing more satisfying personal relations; and coping with stress or emotional crisis. Faculty members are encouraged to call if they have concerns about a student. All counseling is strictly confidential.

In addition to one-to-one and group counseling for individuals and couples, workshop offerings vary throughout the year on topics such as vocational exploration, test anxiety-reduction, and stress management.

Counseling services are available to all enrolled NC State students without cost except for a minimum materials charge for career testing. Appointments may be scheduled over the telephone by calling (919) 515-2423 or in person by coming to (2nd floor) Student Health Center, 2815 Cates Avenue. A counselor is on call 24 hours a day through Health Services, (919) 515-2563.

# ADMISSION OF LIFELONG EDUCATION STUDENTS AS REGULAR UNDERGRADUATE DEGREE CANDIDATES

Any Undergraduate Studies student (UGS) who has completed at least 30 semester credit hours of "C" or better college level course work, including a college-level math and college-level English course, may apply to the Office of Admissions for admission as a regular degree candidate. Programs that are experiencing space limitations require a higher minimum grade point average for admission. These 30 hours may include those earned at North Carolina State University and at other accredited colleges or universities. The cumulative NC State GPA requirement varies, depending upon the requested curriculum for consideration. Students should apply by the posted deadlines.

In addition, an adult Lifelong Education student who has no previous college experience may be considered for admission to a degree program upon completion of at least 15 hours of college level work with a "C" or better on each course at North Carolina State University, provided the record includes grades of "C" or better on at least one college-level English composition course and one college-level mathematics course appropriate to the student's desired major. Acceptance depends on space availability. The Undergraduate Admissions Office should be contacted (919-515-2434) to determine GPA requirements and programs experiencing space limitations.

An adult student seeking admission under the "Lifelong Education Student 15 Hour Provision" but having some previous college experience must either complete 15 hours at NC State satisfactorily (including ENG 101 and a college-level math, excluding MA 101, if not completed at another institution) and must have a cumulative GPA as required by the curriculum requested on *all* college-level work attempted. Or, the student must complete sufficient hours satisfactorily at NC State so that he/she has a total of 30 semester hours of satisfactory college-level work.

If you graduated from high school after the spring of 1990, you must meet the Minimum Coursework Requirements (MCR) established by the University of North Carolina System Board of Governors with respect to high school course preparation. In order to be considered for admission, you must provide high school transcripts indicating the minimum requirements have been met. The following high school courses are required:

- 4 units in college preparatory English
- 3 units in mathematics, including Algebra I, Algebra II, and Geometry or a third mathematics course for which Algebra II is a prerequisite
- 2 units in social science, including US History
- 3 units in science, including a physical science, life science, and a laboratory course.
- 2 units in foreign language

Students who graduated from high school before the spring of 1990 and/or students who are 24 years old or older are exempt from MCR.

If you do not meet these requirements, you can be considered for admission only if you have received an A.A., A.S., or A.F.A. degree or have completed 30 semester hours (45 quarter hours) in the required subject areas at an accredited college or university. You must complete six semester hours (9 quarter hours) in each of the following subject areas: English, mathematics, science, social science, and foreign language. In addition, you must meet all other admissions requirements with regard to grade point average. Students may not make up MCR deficiencies at NC State.

# COURSE LOAD

The maximum course load for all Lifelong Education students (both UGS and PBS) is two courses plus one physicatl education course each Summer Session.

# HOW TO ENROLL

*All* students (including Lifelong Education students) will use the TRACS system to enroll in the 2004 Summer Sessions. You will find detailed instructions on using TRACS in the front section of this Summer Sessions *Bulletin.*

# GAINING ACCESS TO TRACS

*Continuing* Lifelong Education students (those of you who are *currently enrolled* in the 2004 Spring Semester) have already been sent your Personal Identification Number (PIN), and may enroll by following the **TRACS** instructions. You are not required to complete the Lifelong Education Student Registration Application. Please note that it is absolutely imperative that you notify Credit Programs & Summer Sessions or Registration and Records if your address should change.

*Re-entering* Lifelong Education students (you *have been enrolled* at NC State through Credit Programs & Summer Sessions, *but* you are *not currently* enrolled in the 2004 Spring Semester) must complete the Registration Application and NC Residency Form which you will find in this section of the *Bulletin* or online at www.ncsu.edu/acp/. When you submit it to Credit Programs & Summer Sessions (by mail, by FAX, online, or in person at the McKimmon Center), you will be issued a PIN which will allow access to **TRACS.**

*New* Lifelong Education students (you have *never been enrolled* as a Lifelong Education student at NC State) must complete the Registration Application and NC Residency Form found in this section of the *Bulletin* or online at www.ncsu.edu/acp/. When you submit it to Credit Programs & Summer Sessions (by mail, by FAX, online, or in person at the McKimmon Center), you will be issued a PIN which will allow access to **TRACS.**

# TRACS REGISTRATION PERIODS

*REGISTRATION*- Entrance to **TRACS** is done by specific *window access* dates. Window access is based upon your current classification. All Lifelong Education students (UGS and PBS) who have obtained a PIN have a window access of March 31-April 25, 2004 for the First and Ten-Week Sessions and March 31-June 6, 2004 for the Second Session. The telephone lines will be open Monday through Friday from 7:30 a.m. to midnight and on Sunday from 2:00 p.m. to midnight. If you register during this time, your chances of enrolling in specific times and sections are much better than they will be later. You will be sent a bill for your tuition and fees and for any other debts (parking fines, overdue library book fines, etc.) that may have caused a "Hold" to be placed on your registration. You must pay your tuition, fees, and other outstanding debts owed to the University and clear all "Holds" by May 6, 2004 at 5:00 p.m. for the First and Ten-Week Sessions and June 17, 2004 at 5:00 p.m. for the Second Session. Failure to pay by these dates will result in your schedule being cancelled.

*LATE REGISTRATION*- A Late Registration Period will be held April 26 through May 26, 2004 for the First and Ten-Week Sessions and June 7 through July 8, 2004 for the Second Session. This is clearly the less preferred of the registration periods. Keep in mind that many courses and sections may have been filled by students who registered during the Registration Period. Detailed instructions for completing late registration will be available at the Credit Programs & Summer Sessions' Registration desk in the McKimmon Center.

Students <u>will not</u> be required to pay tuition and fees in order access **TRACS.** Only students with past due debts or departmental holds must have their accounts cleared by the Cashier's Office to access **TRACS.** Tuition and fees will be systematically added to the student's account when they register. Students late registering will be billed during the next Cashier's Office billing cycle.

# DROP/ADD

Once you have initially registered, you may make schedule changes (drop/add) anytime **TRACS** is operational. You are encouraged to make your schedule changes as soon as you are aware that they need to be made.

**TRACS** will close officially at the end of the drop/add period (May 26, 2004 for the First and Ten-Week Sessions and July 8, 2004 for the Second Session). No adds will be allowed after these dates.

NOTE: The May 26, 2004 date for the First and Ten-Week Sessions and July 8, 2004 for the Second Session is the last day to drop or withdraw with a refund or reduction in rates. Please refer to the Withdrawal Schedule in this Bulletin.

# NC STATE STUDENT RIGHT-TO-KNOW DISCLOSURE

Data from The University of North Carolina Administration show that of the first-time bachelor degree-seeking freshman students who entered NC State in Fall 1996, 64% have graduated with a baccalaureate degree from NC State, and an additional 4.7% have transferred and received a baccalaureate degree from another UNC system institution as of Fall 2001. In addition 4.7% of the 1996 freshmen cohort were still enrolled at NC State and 1.6% were still enrolled at another UNC system institution as of Fall 2002. This information is provided pursuant to requirements of the Student Right-to-Know and Campus Security Act of 1990.

# LATE DROPS OR WITHDRAWALS

The deadlines for dropping a course(s) or withdrawing from the University (dropping all courses for which enrolled) are listed under "Important Dates for Summer 2004".

THE UNIVERSITY'S OFFICIAL DROP (WITHDRAWAL) DEADLINES APPLY TO *ALL* CURRENTLY ENROLLED STUDENTS INCLUDING LIFELONG EDUCATION STUDENTS. It is considered that after the last day of the official drop period a student has become a partner in an implied contract with the University to continue until the end of the session. Therefore, late withdrawals without academic penalty are granted only when exceptional circumstances exist.

Lifelong Education students may petition to receive late withdrawals under the following three conditions:

1. Certification by a physician of inability to continue for medical reasons. Such medical petitions must be on the physician's letterhead.
2. Certification by an employer of inability to continue for work-related reasons. Such certifications must be on the employer's letterhead and signed by a supervisor.
3. Verification by the Credit Programs & Summer Sessions office of a documented hardship other than medical or work-related. The hardship must be one normally beyond the student's control or for which the consequences were reasonably unforeseeable..

A letter of petition from the student should accompany the documentation noted above. Petitions for late drops or withdrawals for Lifelong Education students must be initiated at the Registration Desk, McKimmon Center and approved by Credit Programs & Summer Sessions. Call (919) 515-2265 for additional information.

# FIRST-YEAR COURSE REPEAT POLICY

**(For courses first attempted Fall 1995 and afterwards)**

*Effects*

- The eligible student who repeats a course while electing that the first-year course repeat policy apply will have the grade points and the credit hours attempted and earned on the first completion of the course removed from the calculation of the cumulative grade point average and from the calculation of the total hours attempted regardless of the grade earned on the second attempt. The modification of the cumulative grade point average which will result from the removal of the grade points and credit hours attempted and earned on the first completion of the course will be calculated and recorded on the student's record after the second completion of the course.
- The course title and grade for the first completion will be shown on the official record with a code (R) to indicate that it was repeated and the first grade was removed from the computation of the cumulative grade point average.
- The recorded grade point average of the student for the semester in which the course was originally taken will not be changed.
- Repeating a course and exercising the first-year course repeat policy does not retroactively change the status of the student as to semester academic honors, academic warning, probation, or suspension in prior semesters.
- Many graduate and professional schools recompute grade point averages in the process of considering an applicant for admission to such programs. This recomputation of grade point averages may include restoring the cumulative grade point average effects of initial attempts at courses repeated under this policy.

*Eligibility*

- The initial attempt and the repeat under this policy must be an NC State course;
- The course being repeated was completed for the first time after the Summer Session II 1995;
- The course being repeated must be at the 100- or 200-level;
- The student received a grade below C- in the course that is repeated; and
- Both attempts of the course were for letter grades; no unsuccessful audits or credit-only attempts may be repeated nor may the repeats under the policy be made for audit or credit-only;
- The student has not received credit for an advanced course dealing with the same subject matter as the course being repeated;
- The *first* attempt of the course must have occurred within 12 months of the student's initial enrollment in any classification at NC State; this period is not lengthened by voluntary or involuntary failure to

enroll in subsequent semesters or summer sessions, nor by enrolling at less than a minimum full time load, following the initial date of enrollment;

- The *second* attempt is for the same course or for an approved substitute course (see "Listing of Approved Substitute Courses for the First-Year Course Repeat Policy");
- The *second* attempt occurs in a regular semester or summer session which ends within 12 months of completion of the first attempt of the course; if the course is not available during that period or if the student is not enrolled when it is available, then the second attempt must occur in the next regular semester during which the student is enrolled at NC State and the course is available;
- The total number of courses repeated by the student under this policy will not exceed two (2) courses nor will the total of the hours of such courses exceed eight (8) hours, nor will the total number of courses repeated under this policy combined with those repeated under the Course Repeat Without Penalty Policy exceed three (3) courses nor will the total hours of such courses exceed twelve (12) hours;
- The Application for First-Year Course Repeat is filed by the student with the Department of Registration and Records on or before the "last day to drop a course without a grade for courses at the 400 level and below" of the semester or summer session in which the course is repeated.

*Procedures*

- Students are advised to consult with their academic advisers in making the decision to elect a course repeat under this policy.
- The student must submit an Application for First-Year Course Repeat to the Department of Registration and Records on or before the last day to drop a course without a grade at the 400 level or below of the semester or summer session in which the course is repeated. Forms may be obtained from faculty advisers, departmental coordinators of advising, associate deans for academic programs, and the Department of Registration and Records.

*Warning Regarding Timing of Filing Necessary Forms*

This policy requires the election of the repeat under the policy to be made early in the semester during which the repeat of the course is being attempted.

# MATHEMATICS ALTERNATIVES FOR ADULT STUDENTS

Mathematics is a stumbling block for many adults, more so than most other courses. However, it is reasonable to expect that anyone capable of doing college-level work is capable of mastering mathematics through introductory calculus without undue stress. It is a matter of approaching the subject systematically and progressively, not attempting more advanced concepts and skills until proficient in preliminary and prerequisite concepts and skills. Some guidelines are:

1. Introductory calculus (MA 121, MA 131) requires a sound and current background in a precalculus course (MA 107). MA 141 requires such a background in MA 111 or MA 107 *and* MA 108.
2. The precalculus courses (MA 107 and MA 111) assume a minimum of recent successful completion of two years of high school algebra and one year of formal geometry. Students who lack mastery of algebra but have been exposed to two years of high school algebra can take an intermediate algebra course (MA 101), a course that reviews main topics covered in high school Algebra I and Algebra II. This course is *not* recommended for beginning algebra students or for students whose past algebra work in high school was especially poor. This type of student should first study beginning algebra at another school such as a community college.
3. Generally, it is advisable to enroll in the highest level course you can handle and for which you satisfy all prerequisites unless you are extremely anxious about the subject. If you really feel very little confidence in your math ability, then take particular care in selecting your first course.
4. Some persons are sufficiently apprehensive about mathematics that they benefit from assistance in overcoming this anxiety prior to or concurrently with enrolling in a mathematics refresher program. The Counseling Center offers workshops on academic related issues such as study skills, test anxiety, time management, and test taking. Individual assistance is also provided for personal, academic, and vocational issues.
5. Once enrolled in a math course, a source of on-going assistance is the Mathematics Audio-Visual Tutorial Center in 244 Harrelson Hall, (919) 513-2300. Also, subject to availability of funds, Tutorial Sessions which provide additional help in some math courses are offered in the evening. The schedule for these Sessions will be posted on the bulletin board near Harrelson 244.
6. If you need more help in determining where to start, especially with other than introductory courses, talk with the Coordinator of Classroom Instruction, Department of Mathematics, 255 Harrelson Hall, (919) 513-2288. If you are relatively certain you need to start with an elementary course, but wish more information, talk with the coordinator of MA 101, Department of Mathematics, Science and Technology Education, 326 Poe Hall, (919) 515-2239.

NOTE: **The NC State University Lifelong Education Mathematics Placement Exam** assesses mathematical skill for appropriate course placement. Before enrolling in an NCSU mathematics course, Lifelong Education students must talk with an adviser to determine eligibility for mathematics course registration. Telephone 515-2265 to talk with an adviser or to schedule an appointment.

# TRANSCRIPTS

An official North Carolina State University transcript is a complete record of a student's academic work at the University. These transcripts are issued on official "SCRIP-SAFE" paper and carry the pre-printed signature of the University Registrar, the date of issue, and the pre-printed seal of the University.

An official transcript is issued only at the written request or authorization of the student concerned. Transcript requests must be made in writing, either by mail, FAX, or in person to the Department of Registration and Records, 1000 Harris Hall, Box 7313, North Carolina State University, Raleigh, North Carolina 27695-7313. FAX (919) 515-2376. TELEPHONE REQUESTS FOR TRANSCRIPTS WILL NOT BE HONORED.

When making a request, one must include one's full name (including any names one may have used while at NC State), student ID number, date of birth, date of last attendance and the exact address (including ZIP code) where the transcript is to be sent.

Requests received in person or by mail must be accompanied by a check or money order for $5.00. FAX requests must be accompanied by a Visa or MasterCard number and will be billed at the $5.00 rate. NOTE: The transmittal of transcripts from the Department of Registration and Records via FAX will be billed to a Visa or MasterCard number at a cost of $10.00 per transcript. **These fees are nonrefundable.**

Transcript requests will normally be processed at time of request. However, a longer period of time may be required for processing at the end of each semester.

Official transcripts are not issued for those people who are indebted to the University until such indebtedness is paid or satisfactorily adjusted.

# SUMMER PARKING INFORMATION

2. Permit costs are prorated based on the date purchased.
3. Summer permits are valid for both sessions. Refunds are not available if a student elects to attend only one summer session.
4. Permits are not required **after 5:00 p.m.** in any unreserved space/lot. No parking in "24 hour reserved", or accessibility spaces, fire lanes, or "no parking at any time" areas.

Students are strongly encouraged to join the *Packparking Listserv* (accessed through the website above) for the latest news and information about parking permits, construction projects, road closings and more.

Wolfline is NC State's own bus service. All buses are accessible and there is no fare required to ride. Service frequency varies, but generally daytime service is available every 15 minutes. Wolfline buses run every day summer session classes are held and during exams. Wolfline provides intra-campus service, and service to the McKimmon Center, Official University Housing, and park and ride lots. *The Wolflink Shuttle, Centennial Shuttle and Centennial Campus Express continue to operate every day that faculty and staff report to work.* There is no bus service on official University Holidays. Please visit the Wolfline website - www.ncsu.edu/wolfline for the most up-to-date information about park and ride lots and locations, bus routes and schedules. You may park for free, with no permit required, in park and ride lots. However, overnight parking is not allowed and violators are towed. For the latest Wolfline news, join the *Wolfline Listserv* (accessed through the link above), contact 515-WOLF or the Transportation Office. If you would like a printed schedule, they are available prior to the start of Summer Session at D.H. Hill Library, Talley Student Center, and Transportation Offices.

Transportation is located in the Administrative Services Center, 2711 Sullivan Drive, Room 139, (919)515-3424.

# NCSU BOOKSTORES

Summer hours are 8:00 a.m. to 5:00 p.m., Monday-Friday.

# COMPUTING AT NC STATE - YOUR UNITY ACCOUNT - REGISTERING FOR CLASSES VIA THE WEB

Unity is NC State University's distributed computing environment. All Lifelong Education students have access to this computing environment and to many other information sources on campus and on the Internet. Using a Unity account, students can obtain access to the Internet, email, and a wide variety of software applications in NC State computing labs.

For new and re-entering students, a Unity account is automatically generated within a couple of days following the processing of the Lifelong Education Student Registration Application. (Continuously enrolled students maintain access to their Unity accounts.) Login IDs and additional details regarding use of the system may be obtained from the Information Technology Division Help Desk. Call (919)515-HELP (4357), send email to help@ncsu.edu or stop by Room 208 of the Hillsborough Building. Information regarding Unity and computing is also available on-line at *http://www.ncsu.edu/it/essentials.*

After a Unity account has been created, students can register for courses on the web by selecting TRACS LINK from the Registration and Records home page located at *http://www.ncsu.edu/reg_records,* in addition to registering via touch-tone telephone. The TRACS LINK system can be accessed from any computer connected to the Internet. In addition to being an invaluable research tool, the Interent provides students vast information about NC State (including information on Admissions, colleges and curricula, financial aid, library resources, Registration and Records, student accounts, etc.) via the university's web site located at http://www.ncsu.edu. Your Unity account provides access to these information sources at NC State, as well as a number of on-line course tools used by many instructors.

# EVENING DEGREE PROGRAMS

Students who work full-time during the day or have other extensive daytime responsibilities may be able to complete an undergraduate degree during the evening hours at NC State. While NC State does not have an "evening college" or separately administered evening degree programs, NC State does allow students admitted to degree programs to attend classes on a part-time, as well as a full-time, basis. Students arrange their own class schedules each semester from University course offerings and may choose evening classes, daytime classes, or a combination of the two.

The University and the College of Humanities and Social Sciences (CHASS) try very hard to assure that courses to meet the bachelor of arts general education requirements will be offered in the evening hours over the course of several semesters. In addition, a number of departments in CHASS make enough course work available in the evening hours within several years that students in selected majors are able to pursue a degree in the evening. These majors include:

- Communication (Public and Interpersonal Communication and Public Relations options)
- English
- History
- Multidisciplinary Studies
- Political Science
- Sociology (including Criminology)
- Spanish

For further information about these degree programs, contact Lynda Hambourger, Director of Undergraduate Enrollment Management, CHASS, (919) 515-3638.

Evening degree students may make use of transfer credits, credit-by-examination credits, and CLEP (College-Level Examination Program) credits to complete degree requirements. They may also use credits earned through cable-TV courses, videocassette courses, internet courses and Independent Studies (correspondence) courses. These last options are dis-

cussed in more detail in this *Bulletin*.

At the graduate level, a number of degree programs are available in the late afternoon or evening hours. These include:

- Accounting
- Economics
- Education (most but not all programs; refer to the specific department for further information)
- English
- Industrial Engineering
- History (including Archival Management)
- Liberal Studies (see below for further information)
- Life Sciences
- Public Administration
- Technical Communication

Contact the appropriate department for further information.

Other undergraduate and graduate degree programs may be made available in the late afternoon and evening when both demand and resources are sufficient to offer them.

## MULTIDISCIPLINARY STUDIES CONCENTRATIONS FOR EVENING STUDENTS

A bachelor of arts degree in multidisciplinary studies (MDS) may be an attractive option for adult evening students for several reasons:

- Because it follows the CHASS general education requirements, the MDS degree provides students with the writing, speaking, and critical thinking skills and the knowledge of our own and other cultures characteristic of a strong liberal arts education.
- Under the MDS program, students have the opportunity to design their own majors by organizing a concentration or field of specialization from two or more academic disciplines. For example, a concentration in Business Organization and Communication might combine courses in business management, communication, and computer science. A concentration in American Studies might combine courses in English, history, and political science. A concentration in Advertising might combine courses in business management, English, and psychology. In addition to using NC State evening courses (such departments as Accounting, Business Management, Com- munication, Computer Science, Economics, English, Foreign Languages and Literatures, History, Mathematics, Political Science, Psychology, and Sociology and Anthropology offer upper-level undergraduate courses in the evening hours), evening students may also use transfer courses, independent study courses, and, if their schedule permits, NC State daytime courses, to build their major concentration.
- The MDS program allows a large number of free elective credits, giving students room to put transfer and other previously earned credits that do not meet general education or major (concentration) requirements. For students who do not have a large number of transfer credits, these free elective slots may be used to pursue a minor course of study in one of the departments that offers sufficient evening courses or to take other course work of interest.

MDS concentrations are designed with the help of an adviser and must meet MDS guidelines and be approved by the faculty MDS committee. For further information, contact Lynda Hambourger, Director of Undergraduate Enrollment Management, CHASS, (919) 515-3638.

## THE MALS PROGRAM

The Master of Arts in Liberal Studies degree at NC State is a broad, interdisciplinary program of part-time graduate study that integrates and expands awareness and that is geared to a student's personal interests. Each student, in consultation with an academic adviser, designs an individual program of study. This curriculum will be based on an interdisciplinary theme or topic that is of intrinsic interest to the student or that relates to the student's professional or vocational interests. Students will have the opportunity to take regular courses from a number of NC State departments. They will also take special MALS seminars designed specifically for the MALS program and taught by "master teachers" at NC State.

The degree requirements consist of 30 credits of course work, or 10 three-credit-hour courses, including:

1) three MALS seminars
2) six courses that make up the student's interdisciplinary concentration
3) a three-credit-hour culminating project

Students will be free to design their own individual six-course interdisciplinary concentrations. Examples of concentrations that are well supported by graduate courses, presently in the NC State curriculum are:

Science, Technology, and Society
National and International Issues and Decision-Making
The American Experience

For further information contact Dr. David Greene, Division of Multidisciplinary Studies, 2806 Hillsborough Street, (919) 515-2470.

# CERTIFICATE PROGRAMS

NC State offers several Certificate Programs which are structured packages of courses intended to provide specific knowledge and skills for persons who either do not need or want a complete degree program in the subject. These programs are expressly for Lifelong Education students.

The courses required for these programs are generally available day and evening in each regular semester and during the summer sessions. Some are also offered via Cable TV, videocassette, or internet. Although every class may not be offered in the evenings every semester, the selection usually permits the student to complete the program in approximately two years.

Certificate Programs currently available are:

1) Computer Programming (for PBS students only)
2) Geographic Information Systems (for PBS students only)
3) Training and Development (for PBS students only)
4) Professional Writing
5) Textiles (for PBS students only)

For additional descriptive and informational material, contact Credit Programs & Summer Sessions' Registration Desk at the McKimmon Center, (919) 515-2265.

# DISTANCE EDUCATION CREDIT COURSES

A number of NC State courses are available off campus to individuals who require the accessibility and flexibility of off-campus study. Through videocassette, cable TV, internet, and live off-campus instruction, the University extends its academic resources across North Carolina and around the country.

In addition to providing academic credit toward educational goals, Distance Education courses are a means for developing professional skills and satisfying intellectual curiosities. Complete graduate programs are available in a growing number of areas while a variety of individual courses are available, at all levels, in many disciplines.

For additional information, contact Credit Programs & Summer Sessions, (919) 515-2265 or visit the distance education website at *http://distance.ncsu.edu.*

# INDEPENDENT STUDIES

In addition to the classes listed in this *Bulletin*, many undergraduate courses are available through the Independent Studies (correspondence instruction) and Self-Paced Study Online programs. These programs allow students to enroll at any time, to work at their own pace, and to take up to nine months to complete a course. For further information about the programs, including a complete listing of courses, contact the Office of Academic Programs and Services, The Friday Center for Continuing Education, Campus Box #1020, University of North Carolina, Chapel Hill, North Carolina 27599-1020. Telephone (919) 962-1134, (800) 862-5669, or visit their website at *www.fridaycenter.unc.edu.* A catalog of course listings is also available at the McKimmon Center.

# COURSES BY CABLE TV

Registrants "attend class" by viewing the televised lectures. These lectures are pre-recorded with on-campus students present and include their questions and discussions. Interaction with the faculty and testing takes place by mail, telephone, e-mail, FAX, and visits to campus. The cable course schedules coincide with the regular semester on an approximate one-week delay basis.
